

Directions

It lies about 24 km south of Västervik. If you drive south on E22 turn right at the sign Hjorted. After about 300 m turn left on a small road and keep right for 800 m. There is a parking lot on the right side of the road before the slope. You can see the boulder area on the right side and it's a marked path to it. If you are driving north on E22 turn left at the sign Hjorted.

Characteristics

At the bouldering area you have several steep routes and slabs. The granite is good. There are several hard projects here and the potential for new routes in various degrees are high.
