

# SANDVIK

## Directions

Sandvik also called "Bonkers" is located about 8 km from the town to the east of Gränsö, a peninsula. It has a popular shallow beach. Park at the parking lot located at the beach. Go northwest up the hill to the right about 250 meters and you will reach the boulder wall.

## Accommodation

Closest camping is Lysingsbadet in Västervik, phone +46490-258000, [www.lysingsbadet.se](http://www.lysingsbadet.se).

## Coordinates

To the parking lot: 16°42'48"O, 57°44'31"N

## Characteristics

Low north-facing granite wall about 50 m wide with many vertical cracks that you climb. There are several easy problems. It is also a good traverse wall with many opportunities. Most routes have sit down starts. The proximity to the beach makes it a popular bouldering area. It is primarily västervik climber Tomas Bovinder who has developed the bouldering.
