

BOULDERGUIDE LYSINGSBADET

Lysingsbadet area is an old place that is rediscovered. In recent years, the old problems made by Johan Stromstad 15 years ago, brushed up and many new ones have been created. Tomas Bovinder has been a driving force in developing the new bouldringen consisting of granite. Climbing is for beginners and advanced climbers and are in varying degrees. One advantage is that it is located within the facility and is easily accessible. During the summer bouldering Lysingsbadet organized for children and adolescents because there are plenty of climbing in the second degree in the upper part of the Kids Corner.

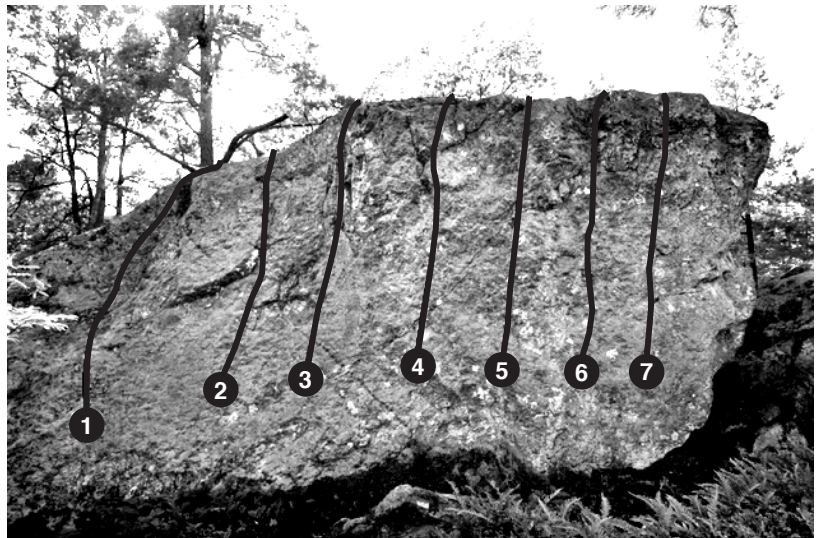

DIRECTIONS: From E22 follow signs. The area is within Lysingsbadet resort 2 km from the center of Västervik. After the first booms run or walk to the bus stop located 200 m to the left before the reception and the other booms. Follow the road up the hill 150m to the top of the hill, beautiful views Västervik archipelago. Österrut right is Kids Corner with both vertical and svaklättring. To the left is the other blocks that also has overhanging bouldering. Coordinates of parking: 16 ° 40'37 "O, 57 ° 45'12" N
